Dr. Joshua Lederberg
Professor of Genetics
Department of Genetics
Stanford Medical Center
Stanford University School of Medicine
Palo Alto, California 94304

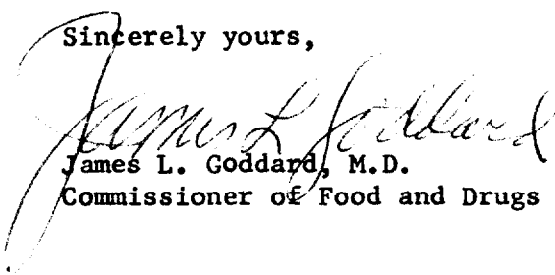

Dear Dr. Lederberg:

Thank you for your letter of July 10, 1967, giving us the benefit of your ideas on the use of antibiotics. I have asked our staff to consider them in the light of our regulations.

not
I believe there is some misunderstanding about the weekly news bulletin. If I recall all the facts of our discussion, this was the weekly listing of drug recalls. Should this be what you are interested in, I will have your name added to our list to receive this item.

It is good to hear of your membership on the NIMH Advisory Committee, and I'll look forward to hearing from you on occasions when you will be in Washington.

Sincerely yours,

James L. Goddard, M.D.
Commissioner of Food and Drugs
